BOWL CLEANER

PRODUCT NUMBERS:

4/1 Gal. Case	07220
5 Gal. Bag/Box	07224

GENERAL DESCRIPTION:

GCI Bowl Cleaner is an effective, easy-to-use acid cleaner that takes the work out of an unusually unpleasant job. GCI Bowl Cleaner is an acid type cleaner combined with wetting agents, water softeners, sanitizers, deodorants, and detergents. It is in a ready-to-use concentration so that it is not necessary to dilute this product. MANUFACTURED FOR INDUSTRIAL OR INSTITUTIONAL USE ONLY.

PHYSICAL PROPERTIES:

Appearance:	Creamy blue liquid
Odor:	Sharp acidic odor
Specific Gravity:	1.07 – 1.085
pH (undiluted):	0.5 – 1.5
Rinsing:	Complete
Biodegradable:	Yes
Hard Water Stability:	Up to 500 ppm

DIRECTIONS FOR USE:

Pour GCI Bowl Cleaner directly onto inner sides of the toilet bowl. Use a bowl brush to wash it over the inner sides of the toilet and allow to soak a few minutes. It will chemically dissolve the rust, calcium and lime stains without hard scrubbing. After the stains are gone, simply flush the toilet.

STORAGE AND DISPOSAL:

Store in a cool, dry, well-ventilated area out of direct sunlight and away from alkali and chlorine materials. Flush with plenty of water to the sanitary sewer.

PRODUCT SAFETY:

DANGER: CORROSIVE: Contains hydrochloric/phosphoric acid solution. Can cause severe eye, skin, and digestive tract burns. May cause permanent eye damage. Do not take internally. Harmful or fatal if swallowed. Protect eyes, skin, and mucous membrane from contact with concentrated product. Use with proper ventilation. Upon contact with eyes or skin wash off with water immediately and seek medical aid. Inhalation of vapors can cause burns to the respiratory tract. Avoid breathing vapors. **KEEP OUT OF REACH OF CHILDREN.** Read and understand the provided GCI Bowl Cleaner MSDS for first aid and other safety information.
