LOW SUDSING DETERGENT BUILT

PRODUCT NUMBERS:

55 Gal. Drum 07270

GENERAL DESCRIPTION:

This GCI product is an automatic, low sudsing, laundering compound. It is extremely effective in removing ground-in dirt from work clothes, aprons towels, linens, etc. Economical since so little goes so far. Gentle to delicate silks, nylons, woolens and linens. Can also be used successfully for dishwashing, floors, Venetian blinds, refrigerators and general purpose cleaning. A mild detergent that produces a controlled amount of suds necessary for use in modern automatic laundering machines. This detergent contains no impurities, fillers, or adulterants that will be harmful to fabrics or laundering equipment.

PHYSICAL PROPERTIES:

Appearance & Odor:	White; None
pH (undiluted):	10
Rinsing:	Complete
Biodegradable:	Yes
Composition:	Biodegradable detergents, builders, sequestrants and soil suspending compounds, plus optical brightener.

DIRECTIONS FOR USE:

An effective measure for GCI Low Sudsing Detergent for a normal wash would be 6 to 10 pounds of detergent for each 100 pounds of dry laundry.

STORAGE AND DISPOSAL:

Do not empty this chemical into an unmarked container.

PRODUCT SAFETY:

Can cause eye and skin burns. Contains sodium metasilicate; may be harmful if swallowed. Avoid contact with eyes and mucous membranes and prolonged contact with skin. Keep out of reach of children.
